TRAINING SEMINAR

Date: Friday June 16, 2017 8:30 am registration

Subject: Foreclosures and Abandonment: Understanding the Mortgage Servicing World, Impacts on and Solutions for Cities; Heather Lazar, Safeguard Properties

Clambake Lunch Buffet to Follow Presentation and General Meeting

Cities are still continually faced with the many negative impacts of property abandonment which affect related departments, constituents and neighborhoods. Addressing vacant properties is a priority, yet it can pose incredible strains on budgets, departments, and staff. Delays, lack of communication, escalating violations of local codes, deteriorating values, and threatening conditions to neighbors often result. Understanding the foreclosure process, the parties and activities involved with vacant properties, and the use of a free, web-based platform will save time and resources, as well as help to expedite compliance.
